

Brand-Rex is a leading developer of cabling solutions for network infrastructure, industrial applications and high-performance cable for automotive, aerospace, rail, defence, marine, and industrial customers. We aim to be:

The Smart Choice for innovative and sustainable network infrastructure solutions, connecting customers globally with unrivalled value and service.

To achieve this, we have implemented a Quality Management System in accordance with ISO9001, and where applicable IATF 16949 (automotive customers) and AS9100 (aerospace customers) and undergo routine surveillance audits. The scope of our management system encompasses:

'The design, manufacture, and supply of copper and fibre cabling, connectivity components and assembly of make to order (MTO) components'.

Maintaining a high level of quality performance is at the heart of our operations therefore our company policy ensures top management are responsible for:

- Encouraging and supporting the implementation of business management processes to ensure the ongoing suitability, adequacy, and effectiveness of the Quality Management System.
- Determining and reviewing business wide KPIs, objectives and targets that align to the mission statement.
- Establishing and maintaining a high level of customer satisfaction by actively engaging with our customers to ensure we meet or exceed customer expectations.
- Supporting the review & validation of business processes to ensure we meet or exceed customer expectations.
- Satisfy and comply with all customer, statutory and regulatory requirements as identified by the business.
- Facilitating the necessary training and supervision needs to empower and educate our workforce.
- Promoting teamwork and communication practices to unite the workforce, allowing for continuous improvement of Business Management Systems.
- Supporting the implementation of monitoring and measurement systems to identify key opportunities for continual improvement.
- Standardization of the business processes across the business using a single electronic business management system.

This will ensure that management objectives and targets are established and reviewed on a regular basis. The objectives will be based on a commitment to Quality Management Principles:

Principle 1: Customer focus

Principle 2: Leadership

Principle 3: Engagement of people

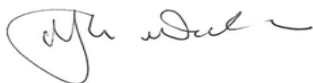

Principle 4: Process Approach

Principle 5: Improvement

Principle 6: Evidence based decision making

Principle 7: Relationship Management

Brand-Rex Ltd will regularly review this policy and the Business Manual for applicable improvements; communicate the policy to all employees, persons working on our behalf and all interested parties.
